

• TRAVERSE • WHEEL-FREE JACKS • ACHSHEBER • TRAVERSES DE LEVAGE • GATOS DE ELEVACIÓN

- Grande corsa di sollevamento
- Dispositivo di traslazione su rulli elastici
- Dispositivo di arresto meccanico ad inserimento automatico e sblocco manuale
- Comando di discesa a due mani, a uomo presente

- *Great lifting height*
- *Translation device on elastic rollers*
- *Automatically-engaging and pneumatic-release mechanical lock device*
- *Two-hand "deadman" lowering control*

- Grosser Hublauf
- Translationsvorrichtung auf Federrollen
- Mechanische Stützvorrichtung mit automatischer Einrastung und pneumatischer Entriegelung
- Zweihand-Absenksteuerung mit Totmannsystem

- *Grande course de levage.*
- *Dispositif de translation sur rouleaux élastiques.*
- *Dispositif d'arrêt mécanique à introduction automatique et dégagement manuel.*
- *Commande de descente à deux mains de type "homme mort".*

- Grande altura de elevación.
- Dispositivo de traslación sobre rodillos elásticos.
- Dispositivo de bloqueo mecánico a inserción automática y desbloqueo manual.
- Mando de bajada a dos manos de tipo hombre presente.

Fare riferimento al listino prezzi per i codici dei ponti dove utilizzare ogni traversa.

See pricelist for lifts applicability of each wheel free jack.

Siehe Preisliste für den genauen Einsatz auf Hebebühnentyp.

Voir le tarif pour les références des élévateurs ou utiliser chaque traverse.

Ver la lista de precios para las referencias de los elevadores donde utilizar cada gato.
